API GIVES BACK

Students participate in English as a Foreign Language classes, acting as student aids, working with students to improve their conversation and grammar skills.

Students shop for basic food items for those in need and take the products to the “Santa Claus Factory”, who then share the donations with families before Christmas.

SOPHIA FALL 2022

“Being here in Budapest has been such an amazing experience so far. Arriving in the city I was pleasantly surprised to discover how low key, safe, and comfortable the city felt. I love visiting the historic buildings and districts in the city as it feels like I am living in a fairy tale every day. Being in Central Europe is great because traveling by train and plane is so easy and amazing cities are so close! While Ukraine is a border country, I have never heard of or witnessed any effects on Hungary or Budapest. So far I have been incredibly happy here in Budapest.”
